- Fixed monthly payments
- Check loan options with no impact on credit
- Set path to loan repayment
- No prepayment penalty

All loans issued by WebBank

- To qualify for the **“No-Interest” Incentive credit**, the loan balance must be paid in full prior to the expiration of the designated **“No-Interest” Incentive Period**. When the payoff occurs within this preset term, iCreditWorks will calculate all interest paid from the loan's origination date and apply a credit equal to this amount—effectively a **“No-Interest” loan**. If the loan is not paid off within the **“No-Interest” Incentive Period**, the patient will continue making scheduled monthly payments for the remainder of the stated loan term at an APR of 24.99% - 29.99%.
